WHY VEESA CRAFT DOORS AND FRAMES

S.NO	CONSUMER PROBLEMS	VEESA CRAFT APPROACH TO RESOLVE PROBLEM
1	Black mailing of carpenters like: misguidance in type and rate of timber.	The possessor of Veesa Craft is in this field from last 12 years therefore does not follow these cheap business tricks for earnings. By using our experience we solve the problem of 'misguiding in type and rate of timber'.
2	Termite and water resistant.	While doing the production Veesa Craft uses termite and water resistant chemicals in its resins and glue which makes Veesa Craft designer doors termite and water resistant.
3	Breakage of product due to miss handling during installation	Veesa Craft takes the responsibility of the installation therefore all the claims raised during installation will be looked after by Veesa Craft
4	Bending, expansion separation crack or shrinkage of doors due to improper seasoning	Veesa Craft has in built kiln seasoning chambers of 4000 -cft in its 7200 square yard plant in which the moisture gaining pores of the timber are heated till it is dead. Doors and frames made from those season wood never bends, expands, shrink, separate or crack.
